

Topic homework ideas:

This homework is due in week beginning 03.02.20.

Here are some ideas you may wish to do as a project over a few weeks but you may also have your own ideas which is fine.

- Read and re-tell the story of Medusa and illustrate what happens in the story.
- Design your own mythical creature. What animals would you mix together to create your own creature? What personality would it have? Can you make it out of junk material?
- Look at holiday brochures with an adult and write about which part of Greece you would like to go to and why.
- Can you decorate your own pots using only black and orange pencils? This would be in the style of the Greeks.
