

# Year 1 and Year 2

Hope you're all OK and are happy and healthy. We're missing you all very much but knowing you're all safe and busy at home is keeping a smile on our faces. Hope you're all enjoying the sunshine and I'm sure we'll see each other soon. The intention of this newsletter is just to keep you up to date with what is going on at school and to give you ideas for home learning. There will be daily lessons available on the website to access.

If you have any questions at all, please email me us at

## My Family First

This half term we will be celebrating our family and thinking about what they mean to us. Families come in all shapes and sizes and we will be learning about how each family is unique and special in their own way.

### Writing opportunities

Create your own family tree, listen to/write your own songs based upon your family e.g. I will look after you, poems, journey's taken and changes within your family, family bonds in nature, create a family time capsule, create healthy menus and make your own exercise video/family dance based on your favourite song. Can you make a PowerPoint presentation about your family?

### Maths

Number assessment, calculations, place value, measures

### Art

Collage / family tree / family portraits / photo frames

## I am safe, I am strong, I am brave

Recently we've become very aware of the amount of people who help us so we are going to celebrate the local people in our community who regularly help us. We will also be learning about people who have helped in the past.

Who are the people in our community who help us? What do they do to make our lives better?

What can we do to help them?

Find out about Zog who wants to be a doctor. What do you want to be when you grow up?

Build your own hospital and vets in the classroom and learn about how to look after people and animals.

Write thank you letters to the Key Workers who have helped us through the Corona Virus.

Spend time sharing stories and experiences about going to hospitals and what it was like.

How do we stay healthy and happy?

Investigate how emergency services are heroes create superheroes for them. Dr Zoom, Nurse Flash, PC Thunder? What are their super powers?

How can you be brave when something bad happens? Find out the importance of talking and sharing worries with adults you trust. Discover about safe relationships and understand how to find help if you need it.

Create a worry box and a prayer tree in your classroom. How do you feel today? Share this with your teacher and friends and let's find a way to help.
