

Calling all Oxenhoppers!!

We would like to invite you to take part in a **Virtual Sports Day** on **Friday 5th June.**

We would love you all to make a video of your families having fun joining in with a sports day activity of your choice. It could be the egg and spoon race down your drive, a three legged race across the garden or you could set up a mini obstacle course. We would like to leave the sporting ideas up to you so then you can use whatever resources you have at home to set it up. It doesn't have to take long and you don't need to use any special equipment.

If you would like to share your videos on our Oxenhope Primary School Facebook group, we would all love to see how creative you have been with your sporty activities.
