

WELCOME TO YEAR 6!

Mr Thurlby

Hello, I hope you are all doing well. I would like to welcome you all to year 6 (Bodkin Class), we are going to have a great time together. I just want to tell you a little about myself, I enjoy being active and playing sports particularly football in which I am a massive Liverpool fan (sorry for that). I really enjoy being a teacher it's my greatest accomplishment to date. I really enjoy teaching Maths and PE which were my favourite subjects when I was at school.

You get to try things you've never done before. Archie Coe

Year 6 is really enjoyable.

Miss Dawson

Curriculum

The year 6 curriculum is very busy but extremely enjoyable. We look at many fascinating topics including WW1 where we discover about the heroes of the past and the lessons it teaches us. We also learn about the world and many different cultures such as Mexico and the civilisations of the past like the magnificent Mayans and the incredible Incas. We also learn and investigate the wonderful world of science looking at evolution and many other fascinating subjects. In Maths, English and Reading we develop our knowledge and skills preparing us for the wider world including secondary school. To help prepare us for end of year assessments we complete weekly tests which help us get used to the tests of the future.

I can't wait to laugh and learn with you all over the next year and can guarantee we have a great time in class and on the marvellous trips we do over the course of the year.

Mrs Johns

Logistics

Just to let you know a couple of logistical things, you will enter through the same doors that you entered last year at 8:50am. You will be keeping the same lockers you had in year 5. In terms of homework day, you will receive homework on a Friday and will be expected to have it in by the following Thursday.

Mental Health

Having had a long period away from school, it is important to ensure that you are happy and feel safe in school. So we shall be working hard to develop some skills such as resilience. We will be having weekly PSHE lessons that will help to keep your mental health strong. In class there will also be a feelings box for you to put any thoughts you may have. Together we will become stronger.
