

# Meet Our Head Boys and Head Girls!

Hi I'm Yousef from year 6 and I really enjoy being a head boy because it gives me the sense of responsibility I'd only usually get at secondary school. Wearing the badge gives me a voice for not only year 6 but the whole school. I enjoy attending Oxenhope Primary School because the lessons are always engaging and if a pupil has a problem, the teachers understand. Staff at our school are constantly welcoming and kind. Also, the food at the cafe is delicious!

Hi I'm Isla. I like reading and writing and my favourite lesson is English. I would like to help the school by making it a more eco friendly place. I love outdoor learning as it means that we have some time outside to connect with nature. I would like to enhance that experience for the future generation.

Hi I'm Lucy. I live on a farm in Oxenhope. I like playing football at break and lunch. Maths is my favourite lesson. I would like to help with making playtime a more enjoyable time. At school, I enjoy outdoor learning as it means we aren't inside all day. It also gives us some freedom while still learning. I would like to help make the nature area a safer and cleaner space for us and the animals that live there.

Hi, my name is James and I'm one of our schools' head boy and I'm going to talk to you about how good our school is. We have lots of fun in school, For PE, we go outside and have a good time and play football or rounders or cricket. If the weather isn't that good, we will do it inside and if you're wondering, how does that work? We have a massive hall that we can play dodgeball or bench ball. The head boys and girls will make sure your son or daughter is happy all the time. At break and lunch time your child will be happy with friends.
