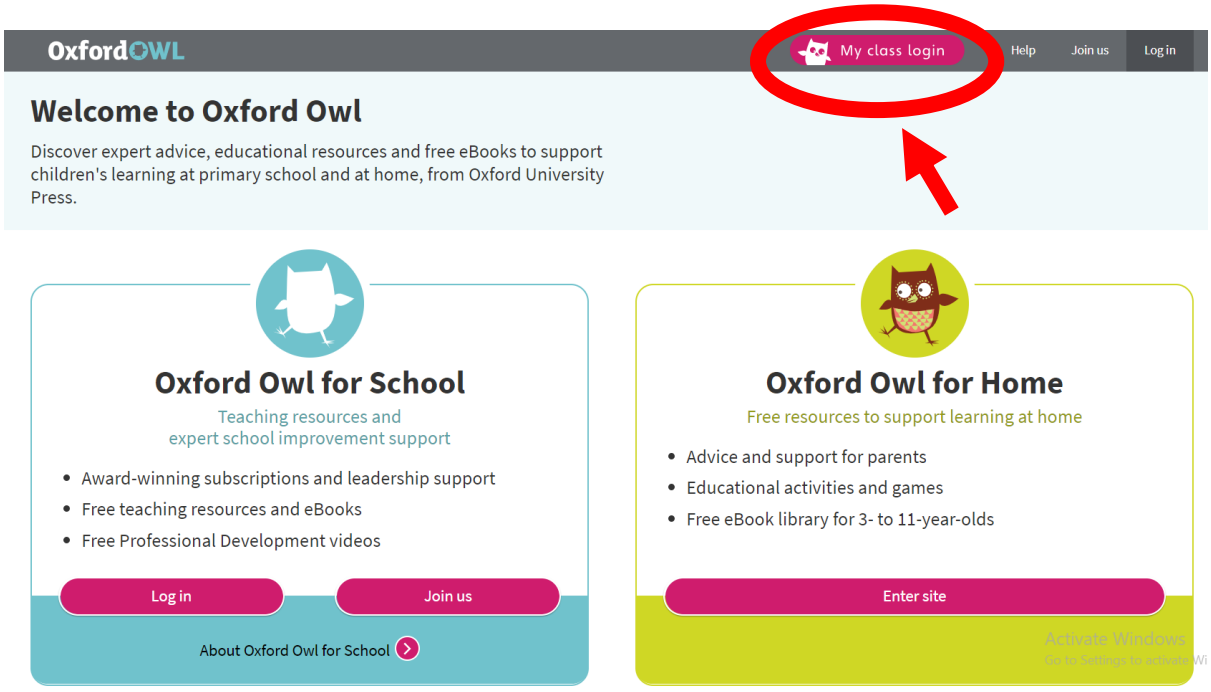
Year 2 – Hawkingstone Class

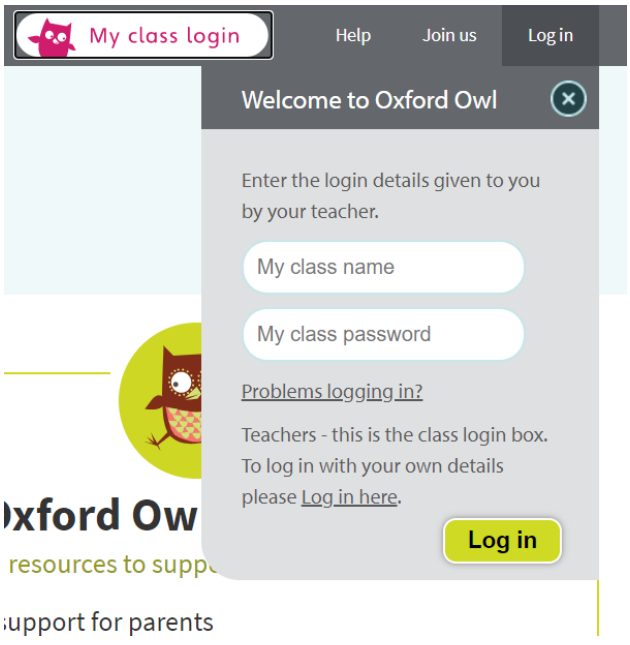
Dear Parents and Carers,

We are using Oxford Owl for learning at home. We have set up a class log in, where you can access Read Write Inc books that link with our learning in class. This will really help your child practise their reading skills and allow them to access extra books at home.



When you go onto https://www.oxfordowl.co.uk/ you will see the screen above. You need to click on the '**My class login**' button. It is circled above in red.

When you click this button you should see this below:



Please enter:

username: hawkingstone2020

password: oxenhope

Year 2 – Hawkingstone Class

If you have logged in successfully you will see the page below.

Have a good look through the Read Write Inc books, as well as the Oxford Owl library and see what books you are interested in reading. This can help you get extra practise at home in addition to your home reading book! If you read a book at home you can record this in your reading record and return to your class teacher.

These can also be accessed on an ipad too.

Happy reading!

Thank you.
