Our School Vision

We are a community where each person is valued by God. We nurture confidence, delight and discipline in seeking the skills needed to shape life well.

Life in all its fullness; John Chapter 10 v 10.

At Oxenhope our school values are:

<p style="text-align: center;">Love</p> 	<p>'Love your neighbour as yourself' Luke 10 v 27 Just like Jesus was 'moved with compassion' we want to instil the children of Oxenhope with selfless kindness towards others. The ultimate aim is to do good to other people, whoever they may be.</p>
<p style="text-align: center;">Service</p> 	<p>'Serve one another in love' Galatians 5 v14 At Oxenhope we actively seek opportunities to work together to help others in both our local and wider communities. As even Jesus washed the disciple's feet we can learn from his example and seek to do good where we can, both locally and globally.</p>
<p style="text-align: center;">Forgiveness</p> 	<p>'Forgive us our sins as we forgive those who have sinned against us.' Luke 11 v 4 These are the words we quote in our school prayer. As we appreciate how much we have been forgiven, we can forgive others.</p>
<p style="text-align: center;">Courage</p> 	<p>"Have I not commanded you? Be strong and courageous. Do not be afraid; do not be discouraged, for the LORD your God will be with you wherever you go." Joshua 1 v 9 It is important that the children go from Oxenhope with a determined strength that they can bravely overcome whatever challenges they are faced with.</p>
<p style="text-align: center;">Endurance</p> 	<p>'Be joyful in hope, patient in affliction, faithful in prayer.' Romans 12 v 12 Jesus' followers are challenged to think of life like a race. However - NOT a short sprint but a marathon! The bible says that we are made stronger for the future every time we endure and refuse to give up. We teach our children to persevere and not give up hope.</p>
<p style="text-align: center;">Respect</p> 	<p>'So, in everything, do to others what you would have them do to you.' Matthew 7 v 12 At Oxenhope we teach children how to value others, whoever they may be, and celebrate what makes us different and unique.</p>

1. Context

This document is a statement of the aims, objectives and strategies for teaching the Curriculum at Oxenhope C of E Primary School. We believe that a cross-curricular approach gives many opportunities for a deeper, more enriching experience.

The school uses the Cornerstones curriculum scheme to support curriculum planning.

2. Policy Statement & Aims

- To cater for the needs of individual children from all groups, genders, the ablest and those who experience learning difficulties.
- To provide a safe learning, welcoming environment, where all pupils feel valued and supported and able to share worries confidently.
- Facilitate children's acquisition of knowledge, skills and qualities which will help them to develop intellectually, emotionally, socially, physically, morally and aesthetically to help them become independent, responsible, forward thinking members of the community.
- To create and maintain an exciting, stimulating environment and provide a broad, balanced curriculum, ensuring continuity and progression.
- Recognise the crucial role parents' play; develop the partnerships and encourage involvement to make this an effective part of the educational process.

3. Equal Opportunities / Cultural Diversity

Our aim is that all children will be given opportunities to experience a broad and balanced curriculum, which motivates and inspires them to want to learn more, developing an enquiring mind. This curriculum should be a skills based curriculum, which will enable a pupil to have a strong base from which to build future curriculum knowledge. (i.e. we are studying History, we need to plan from the skills a historian would need to have.) They will all become more independent in their own learning and will be guided to have a positive attitude and take pride in our school. Pupils will learn about the school ethos of mutual respect, moral values and good behaviour.

4. School Governors, Leaders and Staff Responsibilities

All teachers have the responsibility to provide a range of exciting, stimulating and well taught lessons which ensure continuity and progression. School Leaders at all levels have responsibility to ensure curriculum delivery is strong and this reported to Governors through the Curriculum & Pastoral Committee.

5. Specific Procedures To Implement Policy Aims

We plan as a whole school to ensure the curriculum is broad and balanced. Planning is accessible through the 'Staffboard' drive of the school network, and the needs of specific children or groups are addressed within short term planning. Appropriate differentiation is planned for these pupils and must be implemented as planned.

6. Dissemination of the Policy

All staff will read the policy and it will be saved on the school website and will be accessible at all times.

7. Monitoring, Evaluation and Review

The curriculum is constantly reviewed by the SLT and staff will attend staff meetings and various Inset courses as required. The School Improvement Plan will be looked at by all staff and Governors annually and reviewed at key points through the year

Long Term Curriculum Plan

	History Focus *science focus y2	Science Focus *History focus y2	Art/DT/Music focus	Science focus	History Focus	Geography focus *PSHCE focus year 6
