

Year 2—Rashford Class

What a busy first half term we had, thank you for all your support, the children produced some amazing work at school and at home. Everybody really enjoyed their Wild Weather topic. We are so proud of the children they have really settled in to Year 2. We are all very excited about taking part in a KSI nativity this half term and having some Christmas themed learning.

Polar Express

Our focus, this half term is based on the Polar Express story. Geography links are to the polar regions and where Santa lives. In DT and Science we are learning about everyday materials and what we would use to design and make a bed for baby Jesus. In Maths we will be learning addition and subtraction as well as how to measure in centimetres.

Key things to remember this half term:

PE

We have 2 PE sessions this year. PE day is on MONDAY AND THURSDAY. The children are to come to school in their PE kits on both days.

Outdoor Learning

We will be going outside on TUESDAY afternoon so please make sure they have appropriate footwear and a waterproof coat.

Reading and homework

Every Friday the children will bring home a book in a plastic wallet, along with their homework book (homework will start next Friday). Please bring this back by Thursday so we can hand them out again on Friday with a new book and new spellings. The topic homework will also be put on Seesaw so please feel free to upload the homework there also and we can share the pictures with the rest of the class.

Water bottles

Please bring a clean and fresh water bottle each day.
