Message from Mrs Jones – Designated Safeguarding Lead (DSL)

We have been working a lot on Online Safety this half term and we will continue this all the way until the summer. The children have already taken part in an online safety questionnaire and your class teachers will be in touch with information about important online safety factors for you to make sure is in place at home. Please follow to information in this letter for ideas.

Key Staff

Mrs Jones -Head, safeguarding lead, Relationships Education Lead and Personal, Social and Health Education Lead

 School – 01535 642271
 Social Services Initial Contact Point 01274 437500
 NSPCC – 0800 800 5000
 West Yorkshire Police – 101 or 999

What are parental controls?

Parental controls are settings available across devices, apps and networks. They let you manage screen time, in-game spending, content, communication and more.

We know how hard it is to navigate online safety across all the tech your child interacts with. That's why we've created a range of step-by-step parental controls, safety and privacy guides.

For younger children, these parental controls guides can help you customise their digital experiences and learn online safety. For older children, these guides can help lead conversations around safety settings on social media, in video games and beyond. Showing them how to use safety tools can help them take ownership of their safety.

Please click for the information about how to install privacy settings -
